Continue to record Waking Life Dreamsigns until you are finished with Step 6. Other research interests include sleep paralysis, lucid dreaming, consciousness studies, and the use of dreamwork in psychology. List the 8 occasions you selected in Step 2. TFDreamers always reason clearly. Continue the log until you recall at least one dream per night for seven nights in a row. It does this in the context of nap-taking, which is in itself a very powerful method of increasing the ease of lucid dreaming. The dream was so vivid that when i was shot I thought I was dead.

Initially that's what i thought it was. Or have you ever been absolutely sure you dont need to disrupt your sleep by writing out the full details in the middle of the night, but be sure to note key events and feelings, and any verbatim speech or text from the dream. Good records of your progress will tell you when you are working effectively and when you need to change your approach, and will give you encouragement to persevere.
