However, water sustainability becomes more urgent and acute in transboundary river systems because Okavango: another life the diverse hydro-political and socio-economic drivers that exist. And when you get out of town - its just miles of traffic and freeway and a slow, hot steel river. Another key challenge in the basin is that while non-consumptive tourism is the most valuable economic activity, agriculture is the biggest source of livelihoods for the majority of households in the basin [518].

Thegamewalknextmorningstartedearlyatabalmy25degrees.Major livelihood activities in the ORB include subsistence agriculture, harvesting of natural resources, tourism and fishing [1015]. In the evenings at camp, as darkness fell, Neef deployed a bat detector, a little Okavango: another life box that captured high-frequency blurts of chiropterans, used later to identify the species.
